Storms Prevent Completion of Track for Decoration Day Opening.

Manager Chapman of the Saltair hiyele frack announced Wednesday night that he had postponed the scheduled bicycle races for Decoration day at Saltair owing to the inability of the workmen owing to the inability of the workmen to complete the track. A strong wind came up Tuesday and blew a great deal of the lumber into the lake. The incessant rains during the past four days has also swelled most of the track surface lumber, making it impossible to lay it as it should be. At times it rained so hard that the workmen had to stop. Every effort was made to complete the track but it was of no avail as the weather man would not or could not abate the storms.

Chapman said that the track would not chapman said that the track would not be opened now until it was completed in every way, including the roof. He believes that it will take ten days to finish the job after the weather clears up. The programme announced for the opening will remain the same for the next meet.

Methot Defends Ash.

Methot Defends Ash.

The report of the game between the Tribune-Americans and the Ogden team, played last Sunday at Ogden, was erroneous in one respect according to Manager Methot. The report gave it out that the Tribune pitcher, Ash, went up in the air in the tenth inning. This is not true, as there were three men on bases, two out, and he had two strikes and three balls on the man up at bat. The last hall pitched was hit and through a little hard luck the third baseman did not stop it and two men scored, making the taily 5 to 4 in favor of Ogden. The score stood 3 to 3 in the ninth inning, and the Tribunes could only get one run in their half of the tenth. NEW YORK, May 27.—St. Louis took another game from the New York American's today.

Advertisements **Bring Answers**

NEARLY every time the postman makes a delivery to The Tribune Office, he has a big bundle of letters for the classified advertisers.

When you want to buy or sell; when you want an employee, or when you want a position, you can advertise without having it known all over town. You can have the answers to your advertisement delivered to The Tribune office. and nobody will know who is advertising until you want to let them know.

You'd be surprised to know how many people avail themselves of the conveniences of The Tribune office. Last week a widow, quite prominent in social circles, decided that she wanted to rent one of the rooms in her spacious house. Of course, she didn't want the whole town to know that she was taking in boarders. She placed a little WANT AD in THE TRIBUNE, and had the people who wanted that kind of a room send their letters in care of THE TRIB-UNE OFFICE. She called, received the letters, and answered the ones that looked right to her. Today she has a boarder, and her neighbors don't even know that she advertised.
